This Theory course and examination is to assist in preparation for you to apply for an Extraoral Dental Radiation User License.

The certificate on completion of the course and passing the examination is not a licence to use an OPG and/or lateral cephalogram X-ray machine.

Licences MUST be issued by your State Radiation Licencing authority before you can commence usage of the extraoral imaging machine.

Each State and Territory may impose additional requirements.

Please check whether you are eligible for an Extraoral Radiation User licence directly with your State/Territory Radiation Licence authority.
